

Safety Training Courses by SafeSchools.com

Instructions for SafeSchools.Com Online Safety Training

Hello Okanogan School District Staff!

This year's safety training has been greatly simplified. SafeSchools Training will help our district save time and money and allow us to be able to demonstrate to the state and federal government that we have complied with important school safety mandates. Follow these simple steps below to complete your safety training requirements:

How to log on to the online training program:

1. Using your web browser, go to the web page <http://okanogan.wa.safeschools.com>
(No "www" is necessary.)
2. To access your assigned training, enter your username, which is your email address (for those with no email address, username is firstnamelastname all together and lower case). Select "log me in" button.
3. Your courses will appear. Select any course by simply clicking on the name of the course. The courses have audio so turn up your speakers if you wish to hear the narration. Complete all the training scenarios and the assessment (quiz) to receive completion credit for the course and get a certificate ribbon of completion. You will have the option to print out a Certification of Completion once you complete the course. *Note: Since many districts use SafeSchools for Professional Development, please do not fast forward through the courses; this could create a non-completion issue at the end of the course.*

If you have any questions or problems with the site, please contact:
