

Meet Kara Thornton!

Mrs. Thornton will be teaching at Virginia Grainger in the fall. Kara has been a teacher for eight years and holds a Master of Arts in K-6 Mathematics and Elementary Education Endorsement. She believes each classroom, cohort, and student is unique and should have a stimulating, nurturing environment where they feel safe to express themselves, take risks, and try new things. Mrs. Thornton will be a great addition to the Virginia Grainger staff helping shape young minds to be independent thinkers. Again, welcome Mrs. Thornton!
