

### Meet Monica Way!

Mrs. Way will be teaching at Virginia Grainger in the fall. Monica says she has a passion for working with diverse students in rural areas. Mrs. Way focuses on the skills students need to regulate their own emotions, cooperate with peers, and advocate for each other. She says doing so creates a safe space for students to learn and support one another. Mrs. Way has 7 years of teaching experience and believes students should take ownership of their own learning. The Virginia Grainger staff is eager to see the impact she has with our awesome students. Again, welcome Mrs. Way!
