

## Meet Shonta Wood!

Mrs. Wood has been a para-educator in the Okanogan School District since 2015. She has recently completed her Washington State teaching certificate and will be teaching 4<sup>th</sup> grade at Virginia Grainger in the fall. Mrs. Wood says active engagement in a positive learning environment is found upon entry to the classroom, that was created by consistent modeling and implementation of constructivist strategies. While Shonta is already a Virginia Grainger team member, we are looking forward to having her in a classroom in her new role. Welcome Mrs. Wood!
